REQUIRED: Attach map

RESEARCH PLAN

All EARIs are required to submit a Research Plan for licensing that addresses the following:

- The hemp varieties that will be used and, if applicable, how those varieties will be used for purposes of agricultural or academic research.
- A plan for testing all of the plants cultivated.
- The measures that will be taken to destroy any plants with THC concentrations that test above 0.3 percent.
- The measures that will be taken to prevent the unlawful use of hemp.
- A procedure for the maintenance of records documenting the agricultural or academic research.

REQUIRED: Attach research plan(s).

CONFIRMATION OF COMPLIANCE WITH STANISLAUS COUNTY CODE 6.85

- Our entity meets the legal definition of an Established Agricultural Research Institutions (EARI) as defined in Food and Agricultural Code, Section 81000. *
- We will comply with all local, state, and federal requirements applicable to Established Agricultural Research Institutions (EARI).
- Any changes to the cultivation site(s) and/or research plan will be provided to the county agricultural commissioner prior to planting.
- Each cultivation site parcel is a minimum of ten acres in size, located in the A-2 (General Agricultural) zoning district, but outside of a Local Agency Formation Commission (LAFCO) Sphere of Influence (SOI) or Urban Transition (UT) General Plan designation of a city.
- Outdoor cultivation does not exceed a cumulative total of forty (40) acres of land.

I agree to destroy any non-compliant industrial hemp in the timeframe set forth by California regulations or the agricultural commissioner. I declare under penalty of perjury that the information provided in this application is true and correct.
